'It was a great cruise and we liked your hospitality and enjoyed the small company on your ship. We are very pleased that we chose your service. We left with very happy memories and as we saw NYE fireworks from various locations over the last few years, incl. The Opera House, I can tell you that yours was a far superior experience.HNY and a lot of success to you and your company.'

Andrea, NYE Cruise 2017

Harbour of Light Parade

Each year, Silver Spirit participates the Harbour of Light Parade. Tastefully decorated to accentuate her classic features with lights, Silver Spirit is one of only a handful of smaller vessels to join in the parade.

What does this mean for our guests? Absolute prime position to view both the 9pm and 12 midnight fire work displays. As a smaller boat, we have front row seats and unlike other boats on not in the parade, Silver Spirit is able to cruise within the exclusion zone between the firework displays, allowing her guests to experience all the sights of Sydney.
